## PROFILE

As an IT student and freelance designer, my objective is to apply my technical knowledge and creative skills to deliver visually compelling designs—including posters, flyers, and logos—while advancing my expertise in UI/UX. I aim to collaborate with clients and teams that value innovation, organization, and adaptable problem-solving, ensuring high-quality results through clear communication and continuous learning

## EDUCATION

- Bachelor of Science in Information Technology** Present  
Western Institute of Technology
- Oton National High School** 2022-2023  
With Diploma  
**GPA:** 92

## PROJECTS
